

Company Profile

System Engineering Ltd.
Always with our customer

since 2000

Introduction

System Engineering Ltd. is one of the most reputed organizations in Bangladesh for different kind of Industrial Automation works, Electro-Mechanical & Electrical Engineering works, Plant Erection & maintenance, Lighting Automation, Energy Management, Power Distribution, Transmission & Man-Machine Customization etc. Its objective is to help to make maximum return from systems. It has self-supported expertise technical teams with modern tools & technology.

System Engineering Ltd. is authorized sole-agent of some world-class manufacturers in Bangladesh. SEL has selected these companies for their high quality products with justified price for Bangladesh. SEL thinks, high quality products & services are the most important factors to our industrial sector for developing our country.

The company enjoys good reputation due to its quality product sales and after sales services, innovation, productivity and customer support. The company is looking forward to provide with efficient customer service, support and better technology to the local market.

Message from the Chairman

Our reputation has been created not only by the contribution of our staff & valuable customers but also a big hand of our partners who are providing us a good quality/technology & products.

System Engineering Ltd. offers 20 years of experience across a range of Quality Product & services in the industrial sector of Bangladesh. We promote our best commitment & technology to our client in a cost effective way. We believe that latest technology is the key factor for developing industrial sector that we always try to provide to our customers. Customer satisfaction is our first objective. A total 450+ staff are working in this organization with full dedication & commitment. I believe, without these staffs contribution SEL could not stand in these positions. In future we are looking forward to Sustainable and innovative technology for our customers which will create a positive impact & a cost effective technology for the next decade to industrial sectors.

Our reputation has been created not only by the contribution of our staff and valuable customer but also a big hand of our partners who are providing us good quality/technology products. At the same time our valuable customer's faith has brought us in this stage.

Finally, I should say we are engineer, designer, consultant, project implementer but above all we are a team dedicated to delivering a smart out comes for our clients, to the community and future generation.

Syed Abu Jafar
Chairman
System Engineering Ltd.

Why SEL

Quality

We are committed to create value for customers through our prompt services and convenient products. We consider quality service as a core requirement need continuous enhancement. We assure this through our quality systems that we have built up into our organization.

Business Excellence

We have ensure business excellence for a long time and trusted to provide a full range of engineering and related services for some of the largest and most complex technology, upstream, government and non-government projects. Our streamlined engineering process consistently results sound in most difficult and challenging situation by using technologically advanced engineering methods.

Wide range of Varity

SEL has delivered Engineering services and offer a wide range of electrical, Mechanical and automation products and control systems for industries. Therefore, Customers have wide liberty to decide from alternatives.

Warranty & Return opportunity

We are always working hard to solve any problem you might have with one of our products. We offer a manufacturer level warranty of SEL supplied products that are way you can always enjoy tension free happy purchase.

Customers

We value our customers on their needs and demands. We like to provide customized solution ensuring fulfillment of various customers demand at their desire level.

Background

In the year 2000 the company formed in the name of SYSTEM AUTOMATION for plant erection, maintenance & trouble shooting. From 2001, with Excellent start, System Automation has been engaged as local distributor of Automation product of LG, Korea. In 2003 System Automation successfully completed their first integrated project of Rahimafrooz Battery Ltd at Jerani Bazar, Savar,Dhaka where the production capacity was 150000 battery/month. As a dynamic and committed company System Automation has been selected as a sole distributor of Autonics, Korea in 2004. Considering quality, reliability & customer services, System Automation started looking forward and become a limited company in the name of System Engineering Ltd.

- 2001 Become distributor of LS Automation Product.
- In the year 2008 become channel partner with ABB for drives and motor.
- Beginning of 2011 SEL joined with LS as distributor in Bangladesh for their Low & Medium volt product.
- In 2012 become partner with Schneider electric for lighting control and energy management system.
- In 2013 become partner of Khosla Machineries, India, for Horizontal Packing Machine.
- In 2015 LS prepaid & Advance Metering infrastructure.
- In 2015 become partner of General Electric.
- In 2015 become partner of METREL Germany for its Measuring instruments and testers.
- In 2015 become distributor of ISKRA capacitor from Slovenia.

Currently, we are also looking for world famous different Machineries.

Our Vision, Mission, Core value

Vision

To be a Leader of Implementing latest technology in the industrial sector in Bangladesh

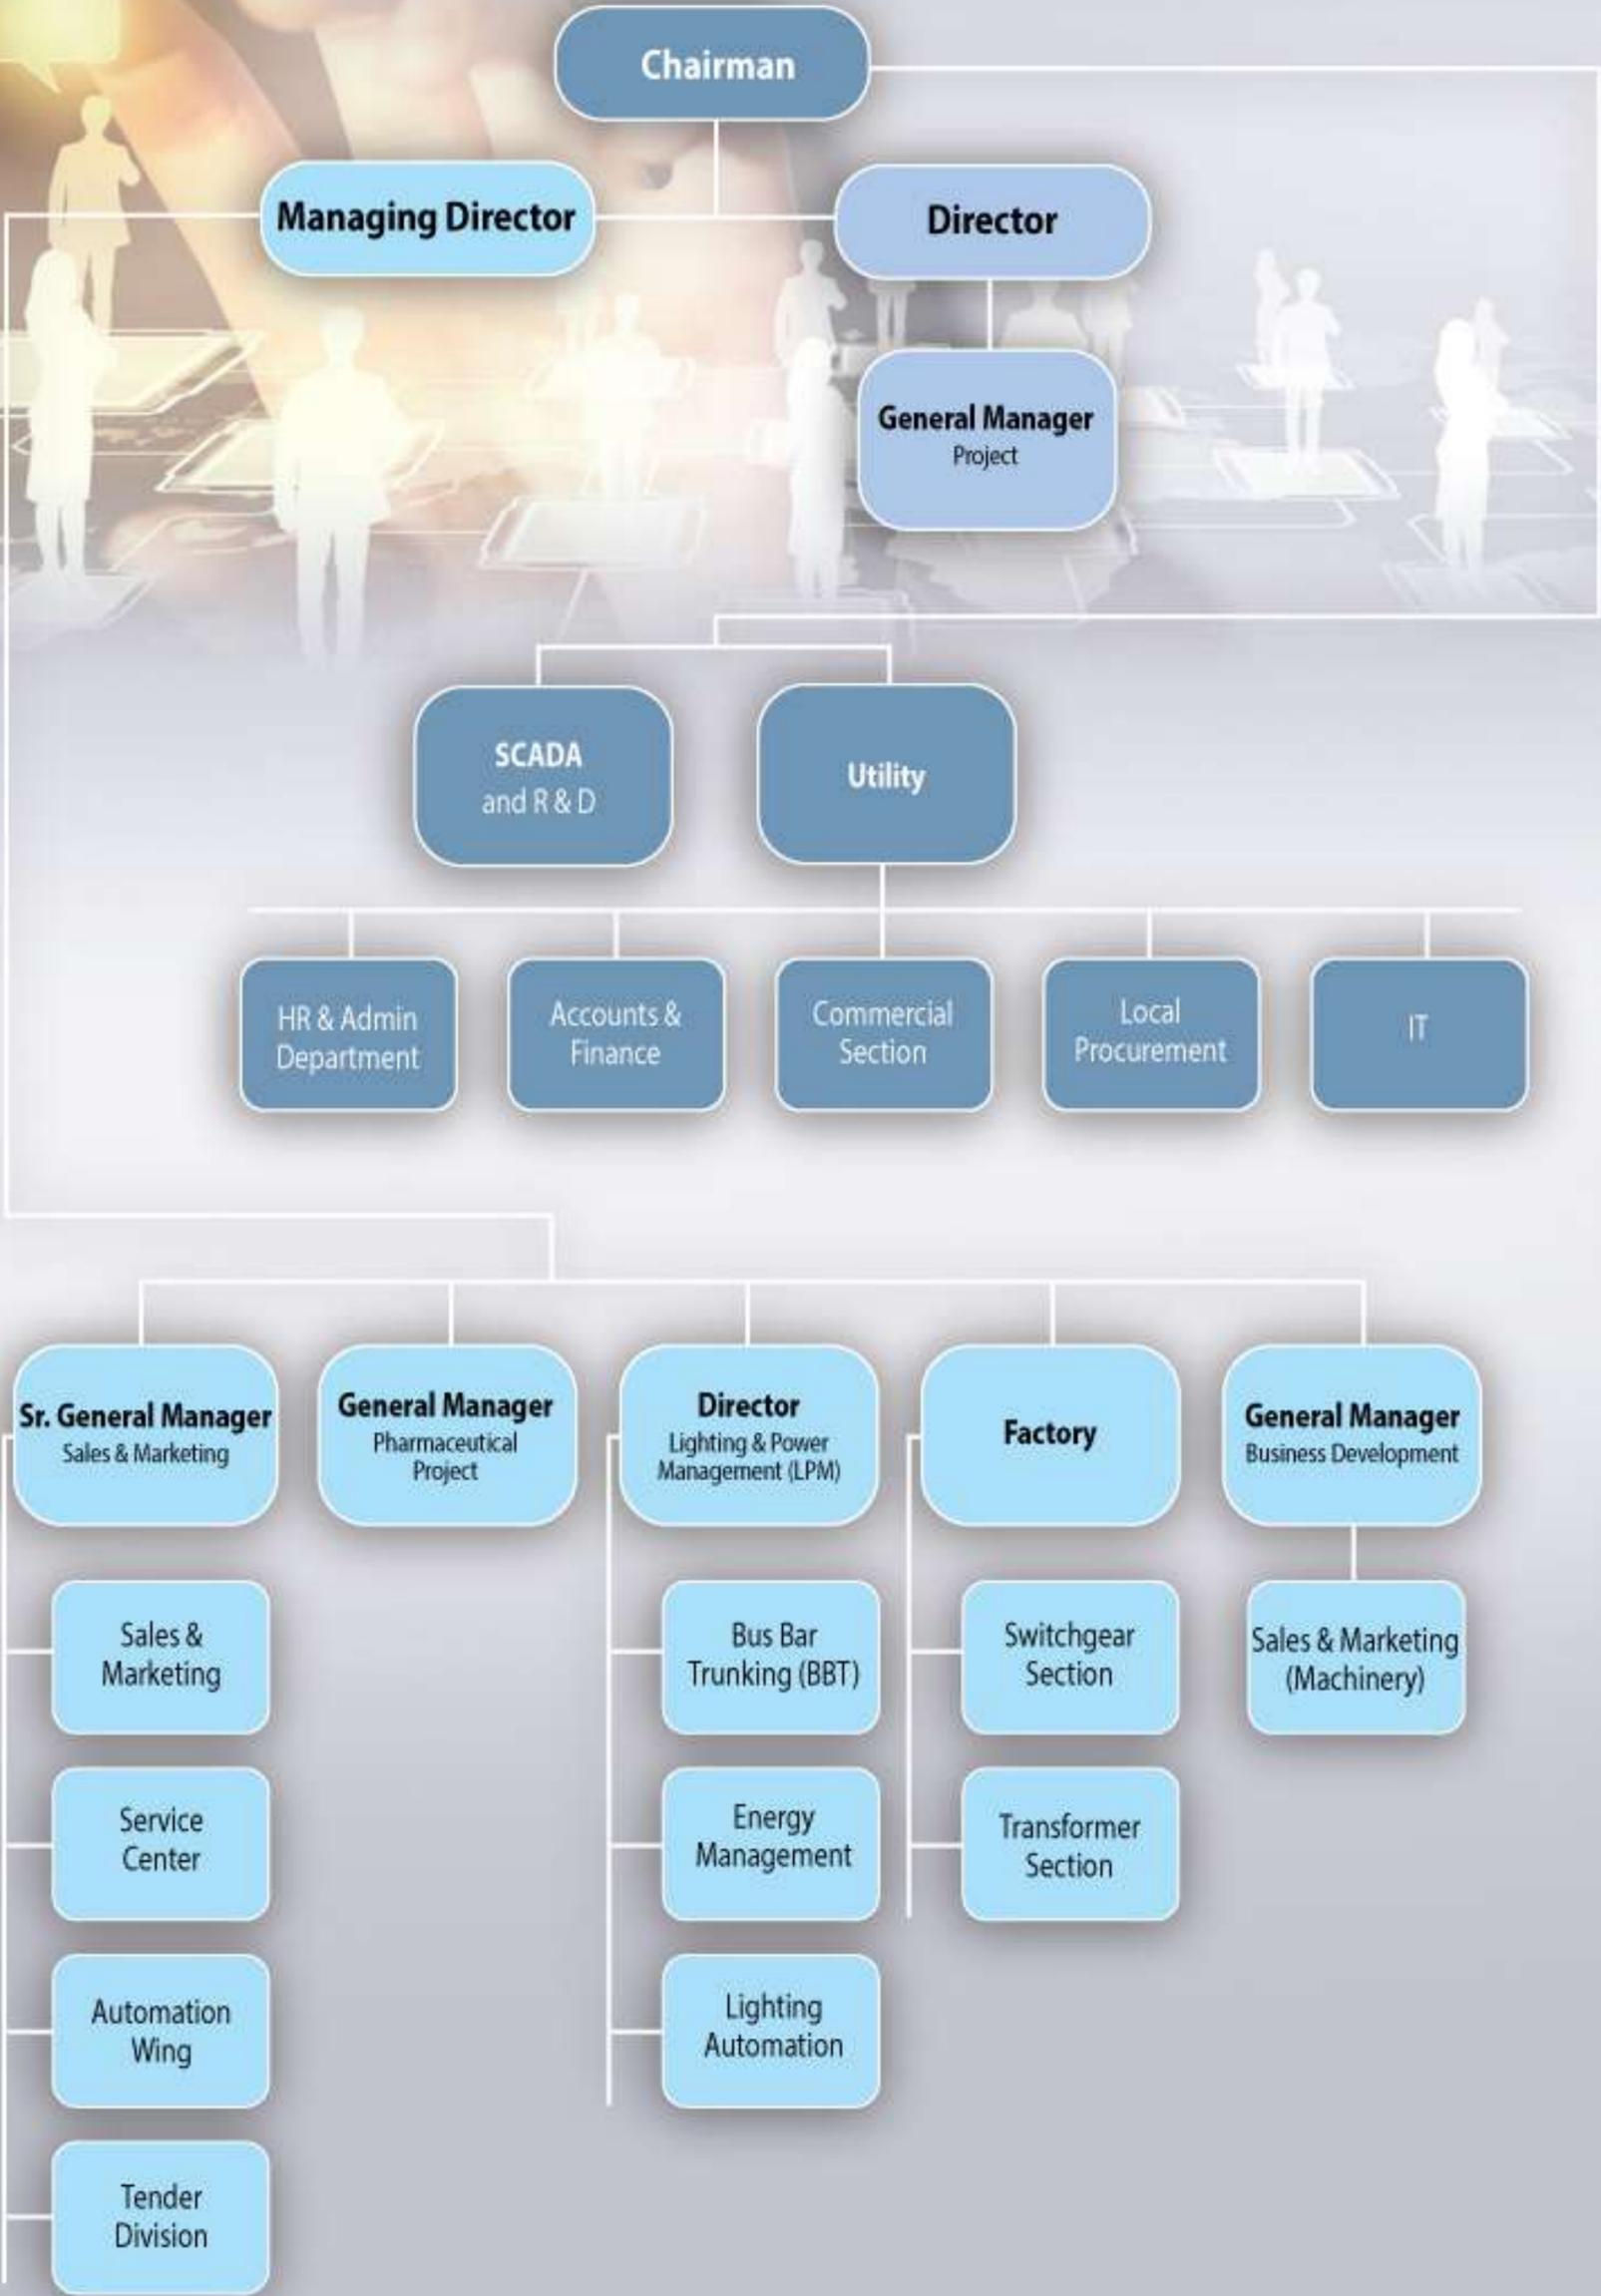

Mission

Always with our customer

Core value

- High Quality
- Reasonable Cost
- Timely Delivery
- Prompt Service

Future Strategy

Our Future Strategy to look forward a sustainable and innovative technology for our next Generation. We are also taking initiatives to explore technology to our customers through intensive training programme. In future System Engineering Ltd. will turn to their activities in a practical room rather in paper or discussion. We also believe that customer feedback will also contribute in our improvement of the company.

In practical, SEL is moving to expand their activities to production in a big scale, we have already started Manufacturing Transformer, Panel Board, Cable tray and other related product in our own factory.

We want to extend our business with machineries as indenting in different areas mainly packing and pharmaceuticals. We are also developing R&D for Automatic lighting and energy management.

We are also in process for Machine Up gradation, Established advance Metering infrastructure technology, Manufacture cast resin transformer and set-up fully automatic cable tray manufacturing plant.

SEL is now working for SCADA system with different Govt. & Non Govt. Organization.

We do

Sales and Marketing

- ◆ **LS** - Inverter, PLC , HMI, LS LV / MV / HV Electrical Products, BBT, Servo Motor & Drive.
- ◆ **ABB** - Inverter, Soft Starter, PLC , HMI, LS LV / MV / HV Electrical Products, Control Products, Lighting Arrestor, Switches and Online UPS.
- ◆ **AUTONICS** - Sensor & Controllers
- ◆ **SCHNEIDER** Electric -Lighting Control, Energy Management and BBT
- ◆ **SEWHACNM** (Weighing Solution) - Total Solution for Industrial Weighing
- ◆ **ISKRA** - Power Capacitor, Panel Meter, Instrument and PF Meters
- ◆ **NOTIFIER** by Honeywell - Fire Detection and Protection System
- ◆ **LT / HT Switch Gear & PFI Panel**
- ◆ **Instrument of Different Brands**

Engineering services

- ◆ Electrical Panels
- ◆ Energy Management
- ◆ Lighting Control
- ◆ Sub Station
- ◆ SCADA

Total Turnkey Project

Pharmaceutical Industries, Battery Industries, Paint Industries, Textile Industries, Detergent Industries, Dyeing Industries, Paper Industries, Cement Industries and Steel Mills.

- ◆ Plant erection
- ◆ All type of papery & Turing work
- ◆ All Type of electric work
- ◆ Cabling & Cable way work
- ◆ Fire Fighting, Fire Hydrants & Fire detection System
- ◆ All Type of Tank Fabrication & Installation
- ◆ Installation work

System Automation by PLC

- ◆ Control Panel
- ◆ Water pumps & distribution systems
- ◆ Generator controls
- ◆ Packaging Industry
- ◆ Textile Industry
- ◆ Pharmaceutical Industry
- ◆ Cement Mill
- ◆ Paper & Pulp Mills
- ◆ Plastic Industries
- ◆ Jute Industries

Supply of Machineries

- ◆ Food & Beverage
- ◆ Packing Machineries
- ◆ Secondary Packing System
- ◆ Conveyer System

Marketing

SEL has a separate marketing department headed by a General Manager, a total 52 staff are working in the field to promote, marketing & sales of our selective Brands. Such as LS, ABB, Autonics, Schneider, and different products.

On the other hand a group of people are also working behind the sales and marketing team to provide after sales support in the door step.

Business Developments

SEL has separate Business Development department. Who are responsible to develop new business sectors aims & target. Identify target market sectors and niches. Accesses existing business, sales and develop further strategy as necessary design and provide required monitoring, follow ups for the development of Business.

Implement sales marketing development activities and reinforce in through coaching, training, meeting. Follow up the activities as per requirement. Review, monitor, seek customer feedback and adjust accordingly. We always make changes and improvements and continue our business activity at the appropriate stage.

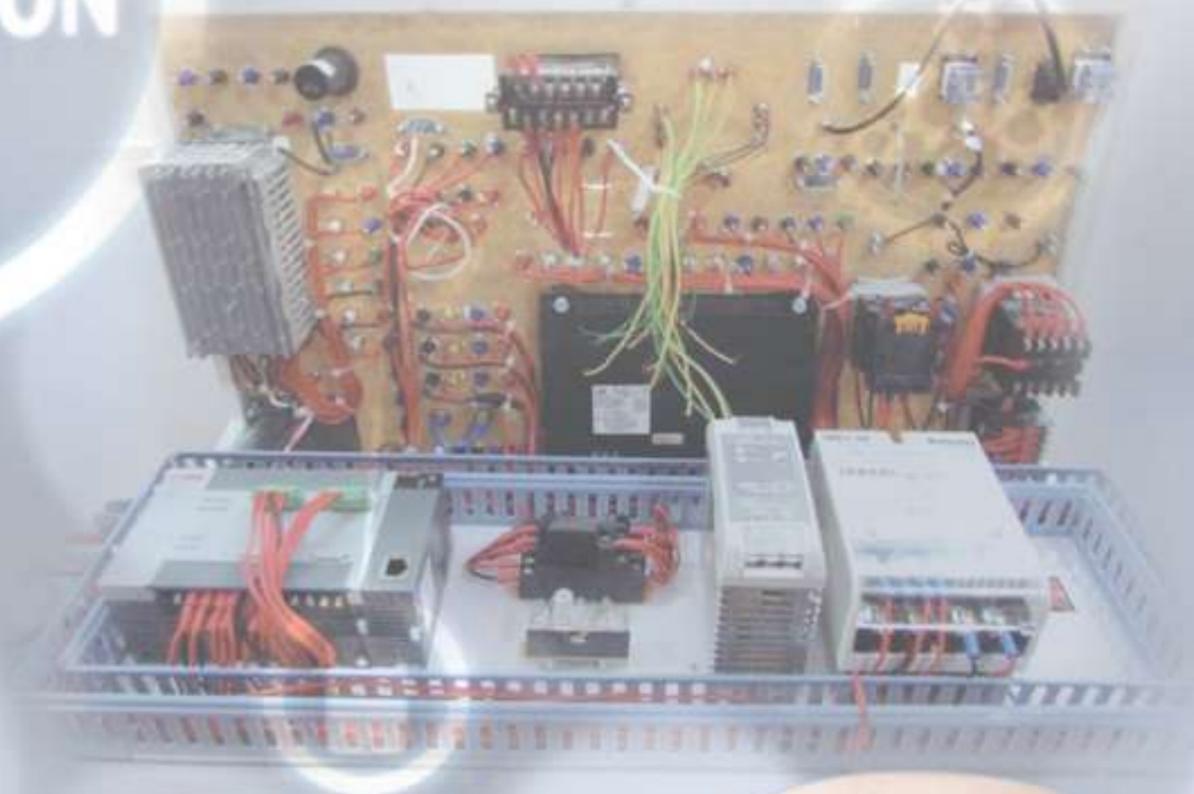

Automation

SEL has a leading role in Automation sector in industries where use of control systems and information technologies to reduce the need for human work in the production of goods and services. In the scope of industrialization, automation is a step beyond mechanization. Whereas mechanization provided human operators with machinery to assist with the muscular requirements of work, we greatly decrease the need for human sensory and mental requirements as well. Industrial IT is being done through SCADA implementation.

Automation department has started to their new intervention where they are converting the old machine as automated machine which will run in full auto mode.

AUTOMATION

Process
automation

LPM (Lighting & Power Management System)

- Lighting control and automation in star quality hotels & buildings.
- Power quality development in industrial sector.
- Power transfer through Bus bar Turnkey System in different industries & High rise Building.
- Total electrical turnkey solution.

SCADA Business:

The latest SCADA solution from System Engineering Ltd, is designed to monitor and control processes, equipment and resources of an enterprise, in real-time. Whether you are planning for standalone applications or a multi-site plant solution to manage a large spread of assets, this robust and powerful solution allows you to make informed decisions - improving performance efficiency, reducing overall operational costs and enhancing profitability.

We are using industry leading Simatic WinCC SCADA platform (Siemens) and InfoU SCADA Platform (LS) according to your application.

Some of our current SCADA clients are DHAKA WASA, Berger Paints, Crescent Chemicals Ltd, Marico Bangladesh, Unilever Bangladesh, Incepta Pharmaceutical, Renata Pharmaceutical etc.

- Pump SCADA.
- Smart PRV Control SCADA.
- Residential water Meter Using LoRa Technology.

MIS **Management Information System**

SEL maintains a system that provides information needed to manage organizations efficiently and effectively. SEL Management information systems involve three primary resources: technology, information, and people. MIS department also ensures the overall industrial IT related supports for the company. This department manages a smooth operation of softwares, hardware trouble shooting and business databases related to sales, marketing and inventory.

Customer Service

A Group of Engineer working for 24 hours customer service. We have our own service center attached with corporate office where mainly providing maintenance service to our customers for inverter, PLC, Touch screen etc, We also provide direct service to customer in the factory level as an when required.

R & D

The Main objectives of the R & D are

- To promote industrial automation and PLC programming to the new generation.
- To create opportunities in the job market for the Engineers.
- To develop Strategy for new intervention.
- To develop plan and strategy when a new project launch.
- To train up Engineers on latest version of programming.

System Engineering Ltd. has launched a training Course/ Programme on PLC industrial Automation form April'15 in a Small scale at own Premises. At the end of course participates will be able to handle any automated machines independently without any fail.

System Engineering Ltd. has their own factory which is fully equipped with modern equipments along with skill technicians. Four deferent sections ie, Transformer, Panel board, Cable tray & general Mechanical works being established over there. Our products are Transformer, PFI, MDB, SDB & mechanical works like conveyer belt, ATP, hopper etc. We use imported bus bar & accessories to our products. We also prepare some machines and supply to different factories like Positive Dry Oven, Negative Plate Drier, Curing Chamber, Group Building, & Serial Punch Machine for Battery Factories.

- **HT Panel, LT Panel, PFI, DB, SDB,**
- **Transformer**
- **Cable Tray**

Finance, HR & Administration

A dedicated team has been working under direct supervision of company Chairman for smooth functioning the support activities such as Finance, HR & Admin and Procurement.

OUR PROJECT

Project Department is one of the most vital departments of the SEL which deal with plant erection, maintenance and troubleshooting etc. In the meantime we have already completed a remarkable accomplishment through out the country in different industrial sector such as: Battery Manufacturing, Pharmaceuticals, Spinning, Textile & Composite Mills, Power Generating plant etc.

Project

NUVISTA Pharmaceuticals

SEL has been working at their new Factory for whole electrical work a total 32000sqft (approx) working area including Basbar Turnking and HVAC for production floor.

Rahimafrooz Battery Ltd.

System Engineering Ltd. has been working since inception of the Factory for implementation of Mechanical, Electrical and Automation projects. SEL also helped RBL in establishing their Battery testing Laboratory and other related Machines.

Rahimafrooz Globatt Ltd.

SEL was fully responsible to implement the whole project Electrical, Mechanical, Automation and all type of Machine installation. Also, SEL have supplied their all electrical panels (MDB, DB, SDB etc) along with cable way.

Marico Bangladesh Ltd.

MBL's Products in Pure Coconut oil, Edible Oil, Hair care and Skin Care reach out to more than 500,000 outlets, SEL has worked in their new Coconut oil plant both mechanical and electrical sectors at Bagerbazer, Gazipur.

Jalalabad Gas T&D Co., Sylhet

SEL Have installed, automation & commissioning of 2 Water Bath heater for 90MW Power plant(90 million M3/hour capacity)

Unilever Bangladesh Ltd.

SEL have worked for establishing their VJP project (Marks & Alies), new packing plant at Wheel, Surf excel(ARC). Also we have supplied and implemented ATP plant at wheel Factory (ARC). All the plants have come under automation which has been accomplished by System Engineering Ltd.

Rahimafrooz Accumulators Ltd

SEL was also responsible to implement the whole project Electrical, Mechanical, Automation and all type of Machine installation. Also, SEL have supplied their all electrical panels (MDB, DB, SDB etc).

Nestle Bangladesh Ltd.

SEL have implementing it's nodules plant both electrical and mechanical (SS lines). Also worked with Nestle for their new project of machine installation & piping.

British American Tobacco Bangladesh (BATB).

SEL has implemented humidity & temperature controller plant at whole production line, Pump house electrical works, FG wire house electrical works, AHU platform work at Mohakhali, Dhaka plant. Supply & Installation of Motor Driven Automatic Belt Conveyor System.

100 MW ECPV Power Venture, Chittagong.

HT/LT piping, Air line, Water line, Module Fabrication, Lube oil line, Steam Line, HFO pipe line, LFO pipe line & Module/Engine Maintenance platform.

Nippon Paint (Bangladesh) Private Limited.

Implemented whole Factory, including supply and installation of WTP, Supply and installation of Fire Hydrant system, supply and installation of Dust Collector, Supply and installation of MDB, DB, SDB, fire proof light and all lighting arrangement.

Confidence Battery

We have implemented the whole Factory, all machine setup, Electric Panel Board supply and installation, cabling & cable tray, Water line, Dust collector supply and installation and all other related works until production where capacity is 50000 pcs Battery/month.

Dhaka Tobacco

SEL have installed high pressure CO₂ line connecting to different Machines. And also total electrification work including supply of Cable Way.

Gopalganj 100MW Peaking Power Plant.

SEL has completed work at 100MW peaking power plant (a BPDB project).

Sanofi Bangladesh Ltd.

Supply and installation of whole electrical and mechanical works including PFI, LT panel, DB, 375 ton capacity HVAC system piping and instrumentation at Tongi plant.

Incepta Pharmaceuticals Ltd.

Supply and installation of cable tray, Lighting, DB, Transformer, HT, LT, PFI, HT distribution system and cable management.(new).

Ananta Denim Technology Limited (ADTL).

Supply, Installation & Commissioning of Fire Protection System (Sprinkler & Hydrant).

Opsonin Pharma Limited.

Design & Drawing of Electrification Works. Installation 33/11 KV HT Cable, 11/4 KV HT Cable. Supply, Installation, Testing and Commissioning of Six Nos 11/0.4 KV Transformer Like 3000 KVA, 2500 KVA & 2000 KVA Cast Resin Transformers. Supply, Installation, Testing and Commissioning of BBT Lines for the above Transformer.

New Zealand Dairy.

Installation, Testing and Commissioning of PCC, MCC, Sub Distribution Boards & Main Distribution Boards. Supply, Installation, Testing and Commissioning of Flameproof Generator , Flameproof Clean Room & Industrial/Decorative Light Fittings with lamps.

ACME Laboratories, Dhamrai, Dhaka

- 1) Supply, Installation, Testing & Commissioning of Medium Voltage and Low Voltage work as Cable Laying, Termination, Cable Tray, BBT, Control Panel, Lightning and Lighting System of all Electrical Work.
- 2) Supply, Installation & Commissioning of Fire Detection (Smoke & Heat Detectors) & Protection (Sprinkler, Fire Hose Cabinet, Pillar Hydrant) Systems (Running).

Eskayef Bangladesh Limited. Rupgonj, Narayangonj

Design and Drawing of Electrification Works.

- 1) Supply and Installation of Electrical Light, Fan, Socket, Switch, Cable Tray, Cable Ladder all kinds of Distribution Boards & LT Cable Laying etc.
- 2) Installation of 11/.4 KV HT Cables.
- 3) Supply, Installation, Testing and Commissioning of 11/0.4KV Transformer.
- 4) Supply, Installation, Testing and Commissioning of Lightning protection System & Earthing System.
- 5) ATS Panel and MTS Panel.

BSRM Steels Limited. Mirersorai, Chattogram

- 1) Supply and installation of Cable Tray, Cable Ladder all kinds of Distribution Boards & Laying of HT-LT Cables etc,
- 2) Lightning Protection System & Earthing System.

Builtrade foils Ltd.

Installation of thirmic fluid pipe line, instalation of boiler, invstallation of feed water tank, diesel tank, chiller line with PV installation. Supply & installation sub-station & transformer.

Hyundai Rotem Company

Installation, Testing and Commissioning of 1250 KVA Transformer, SCADA & Instrument, HT Panel, LT Panel, GENETATOR Incoming Panel, VFD Starter Panel, Pump Soft Starter Panel, Motor Control Panel, Local Operator Panel & Local Control Panel. Supply, Installation, Testing and Commissioning of Lighting Protection System & Earthing System.

Novartis (Bangladesh) Limited

Door Interlock. Alarm Monitoring System.

Epyllion Style Limited (HW Unit), Narayangonj.

Supply, Installation, Testing & Commissioning of Electrical work as Cable Laying, Termination, Cable Tray, MDB, SDB, Lighting DB, Control Panel, UPS, Sensor, Lightning and Lighting System all Electrical Work.

IBPL. Valuka, Mymensingh

Supply, Installation & Commissioning of 3000 KVA UPS Panel, Transient Voltage Suppressor & Earthing System. All Electrical & Mechanical Works KDH Machinery at brown field projects.

Dhaka WASA

1) Supply of PRV, Flow Meter & Installation Commissioning of SCADA to water distribution system for controlling monitoring & regulating of water distribution system.

2) Automatic tubewell control & DATA Monitoring system to water distribution network.

Rohto Mentholatum (Bangladesh) Ltd. Tongi, Gazipur

Supply and Installation of all electrical & Mechanical Work, Fire Detection System, VRF System, CCTV, PABX & LAN System & Warehouse Rack etc.

Tampaco Foils Ltd. Tongi, BSIC

1) Supply, Installation, Testing & Commissioning of Thermic Oil & Air Line Systems, Testing & Commissioning of 2500 KVA Substation, Testing & Commissioning of Bus Bar Trunking System.

2) Medium Voltage and Low Voltage work as Cable Laying, Termination, Cable Tray, BBT, Control Panel, Lightning and Lighting System all Electrical Work & Supply, Installation, Testing & Commissioning of 500KVA Sub-station.

CPRL 113 MW Power Plant. Rangpur

Installation of all inside and outside pipe lines including picking and flushing with structural works.

Globex Pharmaceuticals Limited. Nanduin, Gazipur

- 1) Design and Drawing of Electrification Works.
- 2) Supply and installation of Electrical Light, Fan, Socket, Switch, Cable Tray, Cable Ladder all kinds of Distribution Boards & Laying of LT Cables etc.
- 3) Supply, Installation, Testing and Commissioning of Lightning protection System & Earthing System.

Eskayef Bangladesh Limited. Tongi, Gazipur

- 1) Supply and Installation of Electrical Light, Fan, Socket, Switch, Cable Tray, Cable Ladder all kinds of Distribution Boards & LT Cable Laying etc.
- 2) Supply, Installation, Testing and Commissioning of Lightning protection System & earthing System.
- 3) Supply, Installation, Testing and Commissioning of Lightning Protection System & Earthing System.
- 4) Supply, Installation, Testing and Commissioning of 2500 KVA, 11/4 KV Substation.

Orion Pharma Ltd. OHAL, Valuka, Mymensingh.

- 1) Design and Drawing of Electrification Works.
- 2) Supply and Installation of Electrical Light, Fan, Socket, Switch, Cable Tray, Cable Ladder all kinds of distribution Boards & Laying of LT Cables etc.
- 3) Supply, Installation, Testing and Commissioning of Lightning Protection System & Earthing System.

Beximco Pharmaceuticals Limited. Tongi, Gazipur

- 1) Supply and Installation of HVAC Control Panel.
- 2) Supply & Installation of Electrical Equipment for API Manufacturing Facility Project.
- 3) Supply & Installation of Fire Alarm System for API Manufacturing Facility Project.

Epyllion Style Limited (HW Unit). Modonpur, Narayangonj

Supply, Installation, Testing & Commissioning of Electrical work as Cable Laying, Termination, Cable Tray, MDB, SDB, Lighting DB, Control Panel, UPS, Sensor, Lightning and Lighting System all Electrical Work.

Heidelberg Cement Bangladesh Ltd. Rupgonj, Narayangonj

Supply, Installation, Testing & Commissioning of Medium Voltage and Low Voltage work as Cable Laying, Termination, Cable Tray, Control Panel, Lightning and lighting System of NICKII Project all Electrical Work.

Linde Bangladesh

British Oxygen Company one of the largest multinational company in Bangladesh-SEL have implemented their LPG plant at Bogra & DA plant at Tejgoan, Dhaka. SEL also implemented fire hydrant system of hazardous zone of both Plant.

Berger Paints Bangladesh Limited. Dhaka

1) Supply, Installation, Testing & Commissioning of Medium Voltage and Low Voltage work as Cable Laying, Termination, Cable Tray, BBT, Control Panel, Lightning and Lighting System all Electrical Work.

2) Supply, Installation, Testing & Commissioning of 500KVA Sub-station.
